

Golfmanager closes the best June in its history with 10 new clubs: it lands in the United Kingdom, enters the best Resort in Greece and continues to grow in Spain, Portugal and the Dominican Republic

- **Real Guadalhorce Club de Golf, La Valmuza Golf, Golf Xaz, NAU Salgados, NAU Morgado, NAU Álamos, Palheiro Golf, Costa Navarino Golf Resort, Ansty Golf Center and Vistas Golf & Country Club choose Golfmanager to digitize**
- **Ansty Golf Center becomes the first club in the United Kingdom for Golfmanager, one of the main markets of golf together with the United States**
- **Golfmanager leads the Spanish and Portuguese markets and is now focusing on its expansion to Great Britain and Ireland, a geographical area with more than 3,200 golf courses**

Madrid, June 29, 2021. Golfmanager, the leading 100% cloud-based software in Spain and Portugal for the digitization and management of golf clubs, announced today a record that supports its unstoppable projection. The tech company has closed the best June in its history with the inclusion of 10 clubs in its community.

Real Guadalhorce Club de Golf (Spain), La Valmuza Golf (Spain), Golf Xaz (Spain), NAU Salgados (Portugal), NAU Morgado (Portugal), NAU Álamos (Portugal), Palheiro Golf (Portugal), Costa Navarino Golf Resort (Greece), Ansty Golf Center (UK) and Vistas Golf & Country Club (Dominican Republic) have chosen Golfmanager to digitize all their operations.

A step forward for Golfmanager that accelerates its growth, confirming itself as the only leading 100% cloud-based software in Spain and Portugal, a country where it has already reached 30 golf courses.

Golfmanager lands in the United Kingdom and joins the best Resort in Greece

After Spain and Portugal, the United Kingdom and Ireland become a new target for Golfmanager, a geographical area with more than 3,200 golf courses and one of the main markets for this sport.

Ansty Golf Center has become the first club in the UK to decide to go digital thanks to innovative *all-in-one* Golfmanager's Technology, with Oracle Hospitality as an official partner.

Like the British club, Costa Navarino Golf Resort, the best resort in Greece, has taken a step forward towards digitization. The Hellenic course has been one of the most important additions, at the European level, in this month, thus adding a true benchmark in Mediterranean golf.

Also, Real Club Guadalhorce, in Spain, confirms the unstoppable progression of Golfmanager among the top clubs in our country. A new milestone for the company founded in 2018, which already has in its community prestigious Hispanic courses such as Finca Cortesín, La Reserva Club de Sotogrande or Lumine Golf, among others.

Rafael Vera, Golfmanager CEO, points out that *"we continue working to bring Golfmanager to new places so that more clubs can use our technology. We are growing thanks to a unique product that has everything necessary for a complete digitization and management of the daily operations required by a golf club, whatever size it may be"*.

"This month, we have presented Golfmanager Community, our commitment to training in digitization for managers and, together with the inclusion of all these clubs, we continue to advance in our objective of confirming ourselves as a disruptive and different bet, compared to software traditional, in the golf market".
